PUN #09-08
June 23, 2009

Power Supply Part Number Change

Overview

Our vendor is updating several of the power supplies that we procure to meet additional worldwide energy consumption requirements. As a result, Honeywell will be changing the part numbers of several power supplies.

Key Elements

Honeywell's vendor is no longer able to meet existing and future environmental standards with the current electrical design of several power supplies. Therefore, the vendor has updated the design to become compliant with the growing number of environmental regulations and plans to discontinue the design that is used today. Some examples of geography-specific standards to which the new design will comply include:

- **North America:** USA: Energy Star, CEC (California Energy Commission)
- **Europe:** EuP energy requirements
- **Asia:** Australia MEPS energy (same as CEC level IV)

The new power supplies are fully backwards compatible with existing Honeywell devices as functionality and mechanical packaging is not changing. While the individual part numbers of the power supplies will change to enable tracking between the different versions, part numbers of Honeywell kits that contain these power supplies will not change. The labels on the power supply will reflect the new part numbers and allow end users to distinguish between the two power supply designs (see attached below).

Availability

Effective August 30, 2009, the part numbers of certain power supplies will be changing. Please see the table below for a listing of the current part numbers and the corresponding future part numbers.

Current HSM Part #	Future HSM Part #	Description
PS5U-41E	PS-050-2400D1-NA	5 volt, 2.4 amp 4 pin mini-din connector
PS5U-11E	PS-050-2400D-NA	5 volt, 2.4 amp barrel connector
PS9U-21E	PS-090-2000D-NA	9 volt, 2.0 amp barrel connector
PS5U-42E	PS-050-2400D1-EU	5 volt, 2.4 amp 4 pin mini-din connector, power cord 77900508E
PS5U-12E	PS-050-2400D-EU	5 volt, 2.4 amp barrel connector, power cord 77900508E
PS9U-22E	PS-090-2000D-EU	9 volt, 2.0 amp barrel connector, power cord 77900508E
PS5U-43E	PS-050-2400D1-UK	5 volt, 2.4 amp 4 pin mini-din connector, power cord 77900507E
PS5U-13E	PS-050-2400D-UK	5 volt, 2.4 amp barrel connector, power cord 77900507E
PS9U-23E	PS-090-2000D-UK	9 volt, 2.0 amp barrel connector, power cord 77900507E
41206346-01E	PS-095-1700D-NA	9.5 volt, 1.7 amp barrel connector
PS12U-21E	PS-120-1500D-NA	12 volt, 1.5 amp barrel connector

Last-Time Buy

If you wish to continue to purchase power supplies under the current part number, you must place your last time buy order by July 30, 2009, with delivery no later than December 31, 2009.

Stock Rotations

Because there is no change to form, fit or function, stock rotations associated with this change will not be accepted. Please sell through your existing inventory before ordering the new power supplies.

Questions

Honeywell Scanning & Mobility is committed to providing you with a superior level of customer service. Please contact your Honeywell representative for additional information regarding this communication.
